September 2026 is the second consecutive month of decline following July's record high. Unique visitors fell 21.6% from August and 32.2% from the July peak, with visits, pages, and hits all pulling back alongside. The decline tracks the same post-peak settling pattern noted in the August BOR report, and engagement per visit continued to strengthen even as volume dropped — see Part 2. Jul 2026 (highlighted) remains the highest-traffic month on record.

Part 2 — August vs September 2026: month-over-month summary

Metric	Aug 2026	Sep 2026	Change
Unique visitors	221,547	173,687	-21.6% ▼
Number of visits	406,174	333,854	-17.8% ▼
Pages viewed	2,237,505	2,085,014	-6.8% ▼
Hits	6,444,402	6,012,479	-6.7% ▼
Bandwidth	291.65 GB	274.26 GB	-6.0% ▼
Avg visits/day	13,102	11,128	-15.1% ▼
Avg pages/visit	5.51	6.24	+13.2% ▲

Every volume metric declined in September, but engagement moved the other way: pages per visit rose from 5.51 to 6.24 (+13.2%), the strongest engagement figure of the year. Fewer people visited, but those who did browsed considerably more of the site per session — consistent with a smaller, more committed post-peak audience rather than a traffic-quality problem.

Part 3 — Top literature downloads: September 2026

Title	Aug 2026	Sep 2026	Change
Combo Book Large Print	2,129	**2,376**	+247 ▲
Working the Steps Brochure	818	**691**	-127 ▼
August 2026 Bulletin	n/a*	**689**	n/a*
Complete Group Handbook	519	**594**	+75 ▲
Suggestions for Coping with Urges	670	**592**	-78 ▼
20 Questions Booklet	635	**548**	-87 ▼
Step One Recovery	573	**466**	-107 ▼
Group Study on Unity Steps	409	**418**	+9 ▲
Young Gamblers	n/a*	**356**	n/a*
Combo Book (Multi-language)	447	**338**	-109 ▼

** August 2026 Bulletin had no August baseline (newly published that month) and Young Gamblers did not rank in August's top 10 downloads; both are marked n/a rather than estimated.*

Among the titles with a comparable August figure, the Large Print Combo Book kept growing (+247, +11.6%) and the Complete Group Handbook also gained (+75, +14.5%), while Working the Steps, Suggestions for Coping with Urges, the 20 Questions booklet, Step One Recovery, and the multi-language Combo Book all softened in line with the overall traffic pullback. The Group Study on Unity Steps held essentially flat (+9). The August 2026 Bulletin remained in heavy use into September (689 downloads), mirroring the June Bulletin's carryover demand noted in the July report.

Part 4 — Geographic distribution: August vs September 2026 (top 10 countries by pages)

Country	Aug pages	Sep pages	Change
United States	1,332,438	**1,232,530**	-7.5% ▼
India	179,771	**120,791**	-32.8% ▼
Canada	82,744	**82,121**	-0.8% ▼
Great Britain	87,267	**75,174**	-13.9% ▼
Netherlands	30,411	**55,927**	+83.9% ▲
Germany	35,987	**37,510**	+4.2% ▲
Russian Federation	44,397	**37,058**	-16.5% ▼
Sweden	35,804	**34,497**	-3.7% ▼
Brazil	32,378	**26,928**	-16.8% ▼
Indonesia	27,434	**26,893**	-2.0% ▼

India drove the largest share of the overall decline, down 32.8% month-over-month — more than four times the U.S. rate of decline (−7.5%). The Netherlands was the standout exception, nearly doubling its page views (+83.9%) after entering the top ten for the first time in August; it is now the fifth-largest national audience. Canada was the most stable of the major markets, essentially flat at −0.8%.

Part 5 — Top pages viewed in September 2026

Page	Views	% of total
/ (homepage)	774,383	37.1%
/virtual-meetings/	80,030	3.8%
/usa-meetings/	79,865	3.8%
/find-a-meeting/ga-gavle-monday/	68,031	3.3%
/find-a-meeting/	64,020	3.1%
/ga/	42,863	2.1%
/20-questions/	31,725	1.5%
/my-account/	24,523	1.2%
/shop/	20,926	1.0%
/about-gamblers-anonymous/	16,949	0.8%

The homepage's share of total page views rose to 37.1% (from 38.1% in July, on a larger page-view base). /find-a-meeting/ga-gavle-monday/ remains anomalously high at 68,031 views (3.3%) for a single meeting listing — its third straight month ranking in the overall top five, reinforcing that this is very likely the bot/crawler traffic flagged in Part 8 rather than genuine visitor interest. A new entry, /ga/, appeared at 42,863 views (2.1%) and is worth a quick check to confirm what content it serves and why it jumped onto the list.

Part 6 — Device and operating system breakdown

OS	Pages	%	Hits	%	Mobile?
Android	521,999	25.0%	1,533,037	25.4%	✓ mobile
iOS	467,712	22.4%	1,633,088	27.1%	✓ mobile
Windows	443,457	21.2%	1,243,915	20.6%	
Linux	228,962	10.9%	747,828	12.4%	
Macintosh	236,139	11.3%	516,468	8.5%	
Unknown	180,168	8.6%	250,158	4.1%	

Mobile devices (Android + iOS combined) account for 47.5% of pages served — essentially unchanged from August's 47.1%, and still just under half of all traffic. iOS continues to carry a disproportionate share of hits relative to pages (27.1% vs 22.4%), consistent with mobile Safari reloading assets more frequently than Android. This reaffirms mobile-first design and accessible PDF downloads as priorities for the upgrade.

Part 7 — Traffic sources and referrals

Source	Pages	% of total
Direct address / bookmark / email link	793,424	89.5%
Search engines	58,612	6.6%
External referrals	33,147	3.7%
Unknown origin	1,020	0.1%

⚠ Notable external referral traffic

September's external referrals included betbuzz24.com (1,673 pages), thelines.com (1,415), help.bet9ja.com/responsible-gaming/ (715), slots.lv (700), and cricbets99.com.in (643), among others. As in prior months, this likely reflects people reaching the recovery site through responsible-gambling links on those sites — a positive sign that the site is reaching the people it's meant to help. The site also continues to be reached through Google Translate.

⚠ Unusual automated traffic on the login page

A separate pattern this month looks like automated bots rather than real visitors — repeated requests referencing the site's login page, plus traffic pretending to come from search engines that aren't actually Google or Bing. This is common background noise for any public website and needs no action unless it's paired with real login attempts.

Part 8 — HTTP error analysis and site health

Status	Hits	% of responses
301 Moved Permanently (redirect)	479,866	63.0%
404 Not Found	192,405	25.2%
500 Internal Server Error	28,811	3.7%
403 Forbidden	22,289	2.9%
302 Found	11,137	1.4%
400 Bad Request	10,108	1.3%
503 Service Unavailable	8,424	1.1%

⚠ Server errors increased since August

The site logged more internal server errors in September than in August (up from 15,643 to 28,811). This is consistent with the search-function issue noted in earlier reports, though the increase suggests it isn't fully resolved yet. Recommend a developer follow-up to confirm the fix before the Seahawk handoff. Not-found errors held roughly steady month over month, and legacy-link redirects stayed about the same as August.

Part 9 — Non-SSL (HTTP port 80) traffic and security observations

The figures in Parts 1–8 cover encrypted (https://) traffic only. gamblersanonymous.org also logs a much smaller volume of unencrypted (http://) traffic on port 80, which is dominated by automated scanning rather than real visitors. This section summarizes the September 2026 non-SSL log, which was not covered in prior monthly reports.

Metric	Aug 2026	Sep 2026
Viewed unique visitors	7,182	9,521
Viewed visits	16,309	28,622
Viewed pages	31,721	39,783
Viewed hits	32,933	45,126
Viewed bandwidth	221.41 MB	327.80 MB
Not-viewed (bot/scanner) hits	134,511	134,409
Not-viewed (bot/scanner) bandwidth	112.26 MB	123.07 MB
Share of all port-80 hits that are bot/scanner traffic	80.3%	74.9%
Port-80 share of all site hits (vs. HTTPS)	2.5%	2.9%

Real (non-bot) traffic on the unencrypted side grew 32.6% from August to September, while bot/scanner traffic held essentially flat — so the bot share actually eased slightly (80.3% to 74.9%), even as this traffic's overall share of the site edged up (2.5% to 2.9%). Either way, this is best read as a security signal rather than a traffic metric: real visitors rarely reach the unencrypted address directly.

Status	Aug 2026	Sep 2026
301 Moved Permanently (redirect)	97.2%	94.8%
403 Forbidden	1.4%	2.1%
206 Partial Content	0.0%	1.3%
302 Found	0.6%	0.6%
404 Not Found	0.4%	0.5%

Both months show the same pattern: the large majority of port-80 responses are redirects to the secure site (94–97%), confirming that HTTPS enforcement has been consistently working. Server errors are negligible on this side in both months (1–2 total, vs. tens of thousands on HTTPS — see Part 8), confirming the error spike flagged in Part 8 is unrelated to the raw webserver or port configuration.

⚠ Routine automated scanning on the unencrypted side of the site

The unencrypted (non-HTTPS) side of the site regularly receives automated attempts to find exposed backup files and outdated admin pages. This is normal, low-level background activity seen on most public websites, not evidence of a break-in. Recommend a periodic check to confirm no backup or configuration files are actually accessible, and that older admin pages redirect to the secure site like everything else.

⚠ Old website addresses still receiving traffic

A set of web addresses from the site's prior platform — from before the current WordPress site — are still drawing a meaningful amount of traffic. Worth a quick review ahead of the Seahawk migration to decide whether these should redirect or be cleaned up.

A quick look at early October figures shows automated traffic rising sharply compared to September's pace. This falls outside this reporting period, but it's worth investigating sooner rather than waiting for next month's report.

UNITY PROGRAM

Did you know that the I.S.O. sells a booklet on how to study the Unity Steps? We do! It's called "Gamblers Anonymous Group Study Book on the Unity Steps." Each month of 2026, I'll discuss the Unity Program and the corresponding step with each month.

As I entered my first meeting on July 30, 2001, at the Unity Club in Las Vegas, my brain was focused on one thing – to stop gambling. It's all I cared about for the first few months I was attending meetings. I had no idea what the Unity Program was or why it existed.

As my mind cleared up and I started to understand my surroundings, the Unity Program became less and less confusing for me. I'd like to think it's the same way for all of us; however, I can only speak of my experience.

It taught me that while I needed to focus on MY recovery, I also needed to respect the group as a whole and be one with them as we move forward on this journey of self-discovery and recovery.

I knew that whether I relapsed or not, the Group would still be there when I came back. So, when I'd see a person had relapsed, I'd welcome them back to the Group and continue forward.

Step 10 – Gamblers Anonymous has no opinion on outside issues; hence the Gamblers Anonymous name ought never be drawn into public controversy.

The survival and growth of Gamblers Anonymous is of far greater importance than taking positions on any issues outside the Fellowship. To make public pronouncements on non-Fellowship matters would inevitable split the group. Individuals naturally have differing opinions and eventually these differences

could erode group unity. By engaging in outside issues, the Fellowship's concentration would be diverted from our main purpose, which is to aid in the recovery of compulsive gamblers. The association of the Fellowship's name with public controversy would unnecessarily antagonize some portion of the general public. By avoiding controversy, both individual groups and the Fellowship as a whole are able to concentrate on the aims and principles of Gamblers Anonymous.

We must always be available to assist others in obtaining information concerning the problem of compulsive gambling without giving our opinion.

a. Define/discuss: "no opinion"; "Gamblers Anonymous name"; "outside issues"; "public controversy."

b. Do we ever give the impression that there is a "Gamblers Anonymous opinion?" Discuss.

c. If members are discussing the effects of a local Indian casino during a break, how does this relate to Unity Step 10?

d. If a member shares that counselors and psychologists don't work, or shares on other 12-step programs, is this violating the 10th Unity Step? Why or why not?

e. How does Unity Step 10 support the newcomer? How does this relate to our common welfare? Our primary purpose?

f. If we are distracted by outside issues, how will this affect our recovery within Gamblers Anonymous?

g. How does my share/therapy affect this step?

h. When we speak, we are encouraged to share our experience, strength, and hope.

i. Can I share about my personal opinions and will this affect the welfare of Gamblers Anonymous as a whole?

j. There are several principles that may apply to this step. Elaborate on how each of the following applies to Unity Step 10: non-judgmental, keep it simple.

From the desk of your International Executive Secretary.

As we are finishing up the October bulletin, I'd like to say thank you to all of you who have continuously contributed to the ISO and its ability to help the compulsive gambler who still suffers. I appreciate all you do to help the fellowship continue growing. We could not do this without you.

If you've wondered how to give back, you could become a LifeLiner. If you aren't already, please consider signing up as a LifeLiner and contribute monthly so that the I.S.O. can continue its amazing work of getting literature out and helping people find meetings all over the world. If you send it via Venmo or Zelle, please be sure to put your Lifeliner number in the memo section. If you're a new Lifeliner, please put in the memo that you are a new Lifeliner. That way, when the office gets it, they know what it's for and can assign a number.

As we study Unity Step 10, have you ever studied the Unity Steps in detail? What did you learn?

Keep an eye out for the minutes from the Board of Trustees Meetings held in Lisle (Chicago) at the beginning of October. They'll be in the bulletin in December or January. Your trusted servants work hard for you to keep our fellowship relevant and up to date on literature.

Now that fall is here, the temperatures are dropping and leaves are falling. Is your area planning a mini conference? If so, please send me the flier at IES@gamblersanonymous.org so that I can get the information into the bulletin.

I am so grateful for this program and the members. You teach me on a daily basis. You teach me humility, courage, honesty, and integrity. I couldn't do it without you. Thank you for being on this journey with me.

Yours in recovery and gratitude, KC B.

Where would you be today without G.A.?
Become a Lifeliner Today!

A Lifeliner is a member of the G.A. fellowship who cares enough about the financial well being of G.A. to make a monthly donation. This donation helps to insure that G.A. will always be there for the compulsive gambler who still suffers.

You will benefit by becoming a Lifeliner because...

... it offers you a way to give back to the program that has given you so much.

... it allows you to make a commitment to the program in a more direct way.

... it helps the International Service Office to spread the message to those who haven't yet been blessed as you have.

... it makes you one of a special group of people who do a little extra for the program that saved their lives.

... it gives you a sense of responsibility.

... it helps you remember that Gamblers Anonymous needs you as much as you need Gamblers Anonymous.

We are self supporting through our own contributions.

How often have you thought or heard: "Gamblers Anonymous saved my life. I can't do enough to repay the program for what it has done for me."

One of the ways you can give is by becoming a Lifeliner. Simply fill out the bottom of this flyer and send it to I.S.O. with your personal monthly tax deductible contribution and you will receive a receipt by return mail along with an envelope for your next month's contribution. It's that easy!!

Do it today – it's the right thing to do!
